To-date Taft has busted as many trusts as T'dore the Terrible-0.

Joe Sibley's \$4 a plece vote is likely to become as historical as those Indians "blocks of five."

Oyster Bay has again become the center of the manufacture of rules and regulations, rewards and rebukes.

The Democrats open their State campaign at Canton to-morrow, with Gov. Harmon, Atlee Pomerene and Timothy Hogan firing the big guns.

The fellows who framed up the controversy between a crank and the Colonel at Fargo overlooked a bet when they failed to notify the moving picture man.

Colonel Roosevelt draws the line at Senator Lorimer evidently; he can stand Cannon, Aldrich, Payne, Guggenhelm, Smooth and our own Coxes old boy-but like the itch, he had to break out somewhere, and Lorimer was such a puddin'-was down and out and it was so easy to give him :

That fellow in South Dakota who in terrupted Teddy with the question as to "who was paying the expenses of have asked him the names of the 'trusts' he busted when he was Pres ident and the names of the "big thieves" he sent to the menitentiary. This would have been a sockdolager.

A writer in the Review of Reviews. that scurvy tool of plutocracy, thinks it "extremely unfortunate" that the savings banks of New York state are reducing the rate of interest from 4 to 3 1-2 per cent at this particular time when the cost of living is so great. But was greed ever considerate or consistent? It knows no law but opportunity. "Sunny Jim" Sherman is evidently worthless as a political prophet, for after attending the standpat convention at Milwaukee two or three months ago he declarged with solemn assur-

all, was renominated by a vote of 3 to 1. Sherman, or his standput Wisconsin pals, concected a scheme to heat LaFollette with a Democrat when the legislature votes for United States Sentor, but it won't work. LaFollette i good enough democrat for the rank and file of the Democratic party-only the "conservative" gang that has been they are as small in number as they are deficient in democratic principles

> C. W. Post begs labor unions to arbitrate and not strike. He neglects to say that the Supreme Court decided ar bitration is illegal-in Adair vs. U. S. 208 U. S., 161. What Post wants is for the worker to held still when he is being robbed and to see that he is forced to do it. This cur showed himself in he tried to keep union labor and a stove company from patching up their differ ences in a manner satisfactory to them-He objects to employing men who think they have any rights on arth. He wants a lot of cattle that will come up and lick his shoes.
